

**NOTICE OF INTEREST TO CONSTRUCT**  
 In order to comply with the requirements of Section 3 of Oklahoma Statute Title 77, generically referred herein as "OK Sing Laws", which was approved by the legislature and signed by the Governor, and in defense of certain rules that are to be promulgated by the Oklahoma Corporation Commission ("Commissioner") pursuant to the passage of OK Sing Laws, NextEra Energy Resources, LLC (the "Company") hereby informs the Commissioner of its interest in the Caddo Wind Expansion energy project (the "Project") concurrently located in Caddo County and Canadian County, Oklahoma.  
 The Project has been under active development for several years. The most recent FAA form 7460 -唱表 was made on January 21, 2016. A summary of the FAA form 7460 is attached as Exhibit A. Exhibit B to this letter presents a diagram showing the real estate analysis and included in statutory notice compliance. As of the date of this notice, and based on publicly available data, Company advises that the Project design encompasses approximately 1,000 acres of land. The Project will consist of approximately 100 wind turbines with the OK Sing Laws. The Company also confirms it is submitting a notice of intent to construct in the Caddo County and Canadian County Board of Commissioners in the form attached hereto as Exhibit C. No project facilities are located within an incorporated area of a municipality, and thus no additional notice is required under OK Sing Laws.  
 Please do not hesitate to contact us at 561-334-6161 with any questions regarding the唱表.

Sincerely,  
 Steve Henshaw  
 Project Director, Business Development

**NOTICE OF INTENT TO CONTRACT**  
 In order to comply with the requirements of Section 2 of Oklahoma Statute 29-803, codified as Section 160.21 of Oklahoma Statute Title 17 (individually referred herein as "OK Wind Law"), which was approved by the legislature and signed by the Governor, and/or otherwise of certain rules that are to be promulgated by the Oklahoma Corporation Commission ("Commission") pursuant to the powers of OK Wind Law, Midwest Energy Resources, LLC (the "Company") hereby informs the Commission and the public of the Wind Expansion wind energy project (the "Project") conveniently located in Custer County, Oklahoma, Oklahoma, Oklahoma.

The Project has been under active development for several years. The most recent FAA Form 7400-1 filing was made on January 21, 2015. A summary of the FAA Form 7400-1 filings for each wind turbine tower location within the Project boundary is attached as Exhibit A. Exhibit B to this letter presents a diagram showing the wind areas analyzed and indicated in statutory documents. As of the date of this letter, there are no publicly available data. Company expects that the Project will be completed by the OK Wind Law.

In accordance with the OK Wind Law, the Company also certifies it is submitting a notice of intent to construct to the Custer County and Canadian County Board of Commissioners in the time attached hereto as Exhibit C. No project facilities are located within an incorporated area of a municipality, and thus no additional notice is required under OK Wind Law.

Please do not hesitate to contact us at 501-304-8151 with any questions regarding this filing.
